The Indiana Department of Education wants to ensure that every Indiana educator participating in the Teacher Incentive Fund has the supportive environment necessary to demonstrate excellence in the classroom and to maximize student growth and achievement. Strong leadership at the administrative level creates the environment necessary to have a strong and high-quality school. The **TELL Indiana** Survey is an opportunity for Indiana's Teacher Incentive Fund educators to "TELL Indiana" if they have positive teaching and learning conditions, which research

has shown to be important to student achievement and teacher retention. Results of this survey will be used to calculate the principal and assistant principal performance-based compensation as a requirement of the Teacher Incentive Fund grant. This allows educators at all levels to be recognized and rewarded for their effectiveness.
